

DOUBLE SHOULDER HARNESS

Cat No.: MILDSHBC

For use with M18 FBC

Attaching the Harness

WARNING Do not wear multiple harnesses simultaneously. When wearing a shoulder strap, ensure that no other wearable interferes with the release and removal of the strap.

When operating the tool, use the harness to reduce user fatigue and help in maintaining control during use.

To **wear** the harness:

1. Put both arms through the straps.
2. Secure the buckle around your waist.
3. Adjust the straps to tighten and fit comfortably.
4. Adjust the waist strap as needed.

To **install** the harness:

1. Remove the battery pack from the brushcutter.
2. Insert the clip into the harness mount.
3. Ensure the clip is secure around the harness mount.
4. Adjust the harness mount location forward or back along the shaft until the tool is balanced appropriately.

To **unclip** the harness:

1. Hold the tool by the shaft with your left hand.
2. Grip the clip with your right hand and unclip by pushing the gate outwards and lifting the harness mount out of the clip.
